Breakout Group 1: Theoretical versus Practical Aspects of Community Engagement

- What are barriers to community engagement (e.g., mistrust of academic institution)?
- What are facilitators to community engagement (e.g., having an established relationship with partner)?
- What challenges are encountered managing community engagement within an academic center (e.g., lack of leadership or multiple groups trying to do the same thing without coordinating efforts)?
- What strategies have been effective at overcoming barriers and challenges?
- What resources are needed and/or available to support community engagement?
- How have centers leveraged existing resources to support community engagement activities?

Breakout Group 2: Models and Initiatives of Community Engagement within a Research Environment

- How have centers defined the scope of community engagement activities?
- Do centers have a conceptual framework for community engagement?
- What is the goal of community engagement within each CTSA?
