

Department of Systems Pharmacology and Translational Therapeutics

Fall 2016 Seminar Series Schedule

All Seminars are held in Smilow Center for Translational Research, 10-146 Classroom at 12:00pm, unless otherwise noted.

Sept. 26, 2016

Nita Limdi, Pharm.D., Ph.D., M.S.P.H., University of Alabama, Birmingham

Professor of Neurology, School of Medicine

"Race, Genes, and Warfarin Response: Lessons from Two Decades of Investigation"

Oct. 3, 2016

Deborah Schechtman, Ph.D., University of Sao Paulo Brazil and Yale University

Professor of the Department of Biochemistry at University of Sao Paulo, Brazil and Visiting Professor at Yale University

"Exploring Protein Kinase C Conformational Landscapes to Develop New Tools and Find New Interactions"

Oct. 10, 2016

John Brognard, Ph.D., CRUK Manchester Institute
Group Leader, Cancer Research UK Manchester Institute

"Functional Cancer Genomics: Translating Novel Targets into New Therapies"

Oct. 17-18, 2016

ITMAT Symposium

Smilow Center for Translational Research Auditorium
3400 Civic Center Boulevard

Oct. 24, 2016

Itai Yanai, Ph.D., New York University

Professor of Biochemistry and Molecular Pharmacology and Pathology

"Deciphering the Expression of all Genes in all Cells throughout Development Using Single-Cell RNA-Seq."

Nov. 14, 2016

Martin A. Schwartz, Ph.D., Yale University

Robert W. Berliner Professor of Medicine (Cardiology) and Professor of Biomedical Engineering and of Cell biology

"Endothelial Sensing of Fluid Shear Stress in Atherosclerosis and Vascular Remodeling."

Nov. 28, 2016

Alan R. Brash, Ph.D., Vanderbilt University

Professor of Pharmacology

"Linking Essential Fatty Acids, Lipoxygenases, and Congenital Ichthyosis"
