

Targeted Therapeutics and Drug Delivery Systems 2009-2010 Seminar Series

- | | |
|---|---|
| 9/16/2009
University of North Carolina at Chapel Hill
Deliver siRNA for Cancer Therapy | Leaf Huang, Ph.D. |
| 10/21/2009
Lankenau Institute for Medical Research
Targeted Nanotherapies for Ovarian Cancer | Janet Sawicki, Ph.D. |
| 11/18/2009
University of Nebraska Medical Center
Polymer Micelles from Bench to Bedside | Alexander Kabanov, Ph.D. |
| 1/20/2010
Northeastern University
New Generation of Multifunctional Pharmaceutical Nanocarriers: Promises and Problems | Vladimir Torchilin, Ph.D. |
| 2/17/2010
University of Washington
“Smart” Delivery Systems that Open the Intracellular Target Universe | Patrick Stayton, Ph.D. |
| 3/17/2010
University of Michigan
Molecular Drug Delivery Systems | Steven Schwendeman, Ph.D. |
| *3/19/2010
Georgia Tech, Atlanta
Targeting Oxidant Markers and Antioxidants
12:15 PM | Nireem Murthy, Ph.D.
IFEM Seminar Room |
| 4/21/2010
UNC School of Pharmacy
Receptor Mediated Delivery of Oligonucleotides | Rudy Juliano, Ph.D. |
| 5/12/2009
Duke University
Non-viral Gene Delivery by Nanocarriers and Aprameres | Kam W. Leong, Ph.D. |

**All Seminars begin at noon in Reunion Hall, John Morgan Building
Unless otherwise stated.**

Funds provided by
The Provost's Interdisciplinary Seminar Program
