

In September 2006, Penn, CHOP, the Wistar Institute and the University of the Sciences in Philadelphia were awarded a Clinical and Translational Science Award by the NIH. Together with the commitment by the institutions, this award approximates \$100M over a 5 year period. The academic home for this award is the Institute for Translational Medicine and Therapeutics (ITMAT). Considerable effort has been invested over the past year towards creating infrastructure and educational programs of relevance to the broad, cross campus community. These can be accessed by becoming a member of ITMAT at www.itmat.upenn.edu.

**Institute for Translational Medicine and Therapeutics
Clinical and Translational Science Award
Community-Wide Meeting
Monday, October 27, 2008
Auditorium, Biomedical Research Building**

- | | |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8:30 – 9:00 AM | Registration and Coffee |
| 9:00 – 9:30 AM | Introduction to ITMAT and the CTSA
Garret A. FitzGerald, MD
<i>McNeil Professor in Translational Medicine</i>
<i>Director, Institute for Translational Medicine and Therapeutics</i> |
| 9:30 – 10:00 AM | The Clinical and Translational Research Center
Carole L. Marcus, MBBCh
<i>Professor of Pediatrics</i>
<i>Co-Director, CTRC</i>
<i>Associate Director, ITMAT</i> |
| 10:00 – 10:30 AM | Educational Initiatives
Emma A. Meagher, MD
<i>Associate Professor of Medicine</i>
<i>Director, Education Programs for ITMAT</i> |
| 10:30 – 11:00 AM | Update on SOM/OHR Investigator & Coordinator Support for Clinical Research
Susan Ellenberg, PhD
<i>Associate Dean for Clinical Research</i> |

Kurt Barnhart, MD, MSCE
Associate Vice Dean for Clinical Research

Gregg Fromell, MD
Executive Director, Office of Human Research

11:00- 11:30 AM

Upcoming Workshops and Meetings

Garret A. FitzGerald, M.D.
McNeil Professor in Translational Medicine
Director, Institute for Translational Medicine and Therapeutics
