

			FY21 Rates		
Fee Category	Fee Name	Definition	Non-Industry	Industry	External
Manufacturing	Capsule Manufacturing (per 100 caps) -- simple	Manufacture of gelatin capsules - simple powder fill or a drug tablet or capsule inside an opaque shell. Costs include materials and labor except for the drug itself.	\$ 101.72	\$ 137.32	\$ 185.38
Manufacturing	Capsule Manufacturing (per 100 caps) -- complex	Manufacture of gelatin capsules - specific amount of powder mixture inside a capsule; requires weight checks. Costs include materials and labor except for the drug itself.	\$ 147.49	\$ 199.11	\$ 268.80
Manufacturing	Capsules (each) precision-weighed on Mettler Quantos	Capsules individually weighed to within under 1mg accuracy.	\$ 3.39	\$ 4.58	\$ 6.18
Manufacturing	Bulk Sterile Preparation (per 10 vials)	Sterile preparation of bulk drug products for distribution to another site	\$ 96.72	\$ 130.57	\$ 176.27
Manufacturing	Blister Card (each)	Repackaging of capsules or tablets into blister cards.	\$ 6.75	\$ 9.11	\$ 12.30
Manufacturing	Kit Preparation (each)	Repackaging of study drug/supplies into kits. Additional supply cost may apply.	\$ 9.26	\$ 12.50	\$ 16.88
Manufacturing	Special preparations (each)	Solutions, suspensions, ointments, powder packaging and other non-capsule drug manufacturing. Additional supply cost may apply.	\$ 5.00	\$ 6.75	\$ 9.11
Dispensing	Outpatient Rx - Simple	Premedications do not require admixture; Pre-packaged/unit dose dispense, OTC medications (stock medications)	\$ 27.10	\$ 36.59	\$ 49.40
Dispensing	Outpatient Rx - Moderate	Labeling only - sponsor provided or manufactured kits/blistercards, any non-hazardous that needs to be counted and repackaged into an Prescription bottle less than/equal to #120 tablets/capsules.	\$ 39.65	\$ 53.53	\$ 72.27
Dispensing	Outpatient Rx - Complex	Hazardous medications (oral chemotherapy or biologic), counting greater than # 121 tablets/capsules, or any other prescription which requires dose calculations or special handling	\$ 56.88	\$ 76.79	\$ 103.67
Dispensing	Sterile Prep - simple	Premedications/flushes - Simple syringe or minibag, no calculations requiring.	\$ 63.43	\$ 85.63	\$ 115.60
Dispensing	Sterile Prep - moderate	Admixtures with minibag (less than or equal to 250 mL with additional tubing) or syringe preparation requiring more than one step or calculation of dose.	\$ 79.28	\$ 107.03	\$ 144.49
Dispensing	Sterile Prep - complex	Hazardous medication (chemotherapy and biologic) and non Hazardous medication admixtures that involve multiple preparation steps, blinding of the bag and/or reservoir (amber covering), or use of sponsor-supplied worksheets.	\$ 145.53	\$ 196.47	\$ 265.23
Dispensing	Sterile Infusion - special preparation	Gene/Cell/Other study - with any infusion or injection requiring special handling, serial dilutions, filtration, with extensive sponsor documentation.	\$ 312.50	\$ 421.88	\$ 569.54
Dispensing	Sterile Preparation - Stable Isotopes	Dispensing of stable isotopes in syringe or infusion bag/bottle. Includes weighing and dilution and sterilization of powders	\$ 129.20	\$ 174.42	\$ 235.47
Inventory	Drug Storage Only (Monthly)	Storage of materials only. Includes after close of a trial.	\$ 19.45	\$ 26.26	\$ 35.45
Inventory	Sponsor request to keep protocol active (Monthly)	Storage of study documents on-site after drug return; generally only applies if sponsor requires IDS maintain records 'ready' for a future closeout visit.	\$ 19.45	\$ 26.26	\$ 35.45
Inventory	Protocol Maintenance (Annual) Tier 1	1 or 2 agents, no blinding, with minimal monitoring, no preparation prior to dispense, at a single location	\$ 284.42	\$ 383.97	\$ 518.36
Inventory	Protocol Maintenance (Annual) Tier 2	1 or 2 agents with simple blinding and minimal monitoring and preparation prior to dispense at a single location	\$ 551.51	\$ 744.54	\$ 1,005.13
Inventory	Protocol Maintenance (Annual) Tier 3	1 or multiple agents, with or without blinding, routine monitoring, some preparation prior to dispense at 1 location	\$ 658.35	\$ 888.77	\$ 1,199.84
Inventory	Protocol Maintenance (Annual) Tier 4	1 or multiple agents, with or without blinding, routine or intensive monitoring, some preparation prior to dispense at 1 or 2 locations	\$ 794.06	\$ 1,071.98	\$ 1,447.17
Inventory	Protocol Maintenance (Annual) Tier 5	1 or multiple agents, with or without blinding, routine or intensive monitoring, some preparation prior to dispense at multiple locations or after-hours needed	\$ 890.79	\$ 1,202.57	\$ 1,623.47
Testing	Bioburden (Colony Count - USP <61/62>)	Lab testing for bacterial bioburden (typically for oral or topical preparations)	\$ 136.58	\$ 184.38	\$ 248.91
Testing	Colony Count (e-Coli / water quality)	Lab testing for eColi (typically for oral or topical preparations)	\$ 136.58	\$ 184.38	\$ 248.91
Testing	Deliverable Volume Test (USP <698>)	Official USP test for recoverable volume of a liquid product from filled containers	\$ 71.55	\$ 96.59	\$ 130.40
Testing	Particulate Testing (USP <790>)	Lab testing - Official USP test for presence of particulates in a solution	\$ 121.57	\$ 164.12	\$ 221.56
Testing	pH of Sample (USP<791>)	Lab testing of liquid sample for pH	\$ 64.90	\$ 87.62	\$ 118.29
Testing	Endotoxin/Pyrogen Testing (USP <85>)	USP compliant lab testing for endotoxins/pyrogens in a solution	\$ 211.35	\$ 285.32	\$ 385.18
Testing	Sterility Testing (14 Day Incubation, USP<71>)	Lab testing - official USP direct inoculation method for growth of microorganisms	\$ 158.42	\$ 213.87	\$ 288.72
Testing	Sterility Testing (Rapid Microbial Assay)	Lab testing - rapid test for growth of microorganisms	\$ 158.06	\$ 213.38	\$ 288.06
Testing	HPLC Assay	Lab testing - HPLC potency testing	\$ 1,464.75	\$ 1,977.41	\$ 2,669.50
Other	EDC data entry (monthly)	Data entry in EDC/sponsor system – study drug dispensing, patient returns, drug destruction	\$ 12.26	\$ 16.55	\$ 22.34
Other	IVRS Drug Assignment (per visit)	Acquire drug assignment via IVRS/IXRS system	\$ 21.92	\$ 29.59	\$ 39.95
Other	Protocol Amendment Fee	Revision of procedures or staff re-training based on review of new protocol versions, pharmacy manuals, investigator brochures and addendum memos regarding changes to a study.	\$ 229.50	\$ 309.83	\$ 418.27
Other	Clinical Services Fee	Hourly rate for services not otherwise described	\$ 122.84	\$ 165.83	\$ 223.87
Other	Drug Purchase:	Drug Purchase - variable cost	\$ -	\$ -	\$ -
Other	Shipping cost	Shipping - variable cost (UPS, FedEx, WC, etc)	\$ -	\$ -	\$ -

Fee Category	Fee Name	Definition	Non-Industry	Industry	External
Other	Special Handling	Packing/Shipping Prep - calculated as 1 half hour of labor rate.	\$ 20.58	\$ 27.78	\$ 37.50
Other	Special Purchase:	Purchase of non-stock supplies - variable cost	\$ -	\$ -	\$ -
Other	Manual Temperature Records	Weekly cost, if sponsor requires IDS maintain separate written daily temperature logs (separate from primary system)	\$ 51.53	\$ 69.57	\$ 93.92
Setup	Closing Fees (one-time upfront cost)	Cost of closing study, archiving records and returning or destroying meds/supplies	\$ 289.04	\$ 390.20	\$ 526.77
Setup	Setup Fees (one-time upfront cost)	Variable startup cost based on the intensity of a study	\$ -	\$ -	\$ -
